## DEDICATION

Rudolph Alden True was born in Sandown on April 20, 1914, the son of Herbert W. and Gertrude (Pillsbury) True. He was one of eight children and attended Sandown and Hampstead schools. He graduated from Hampstead High School and enlisted in the Army in 1941. He served with the 3rd FA OBSN-BN in the European Theatre for 3 1/2 years and left the Army in 1945.

Because of his interest in agriculture, Rudy worked wood lots with a team of horses and also worked on area farms. He later became a truck driver for the Wason MacDonald Milk Company and then worked for the State Highway Department. At present, Rudy can be seen around town with his red and white pickup truck keeping the town buildings looking their best. He is our Town Custodian.

Rudy has been a member of the Fire Department for 42 years, a member of the Sandown Grange for 28 years, is a Trustee of the Cemetery, a member of the Old Meeting House Historical Association, the Sandown Historical Society and Museum and Friends of the Library. He was also a recipient of the Citizen of the Year honors in 1983.

We would like to honor Rudy once again with the dedication of the 1988 Town Report. Rudy typifies the true spirit of Sandown. He deserves not only this dedication but our thanks for all the hard work and all the caring he shows us.

# AUDITOR'S REPORT

To The Town of Sandown

We have examined the financial statements of the funds and accounts of the Town of Sandown, New Hampshire at December 31, 1987 and for the year then ended. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town prepares its financial statements using accounting principals which are in conformity with the Uniform Municipal Accounting System promulgated by the New Hampshire Department of Revenue. These accounting principles differ in certain respects from generally accepted accounting principles, the effects of which on the accompanying financial statements have not been quantified.

In our opinion, except for the effects on the financial statements of the differences in accounting practices referred to in the preceding paragraph, the financial statements mentioned above present fairly the financial position of the funds and accounts of the Town of Sandown, New Hampshire at December 31, 1987 and the results of operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination has been made primarily for the purpose of expressing an opinion on the financial statements, taken as a whole. The supplementary information is presented for analysis purposes and is not necessary for a fair presentation of the financial information referred to in the preceding paragraph.

## AUDITORS COMMENTS AND RECOMMENDATIONS

=====

### SELECTMEN

The Selectmen's Ledger still uses a manual entry system, which may have served well in the past, but it is now overburdened by the the sheer volume of transactions the town handles each year. Each of the 2,100+ checks written in 1987 was manually entered in the check register, then the Selectmen's ledger and then on the payroll/equipment/vendor card. Were it not for the diligence of the bookkeeper, there would have been many more problems than those we found.

The following is a list of problems discovered during the audit:

- 1.) Audit trail is inadequate. Posting notations are non-existent. In many cases it is impossible to identify expenditures which are to be reported on IRS W-2, Form 1099 or non-1099 expenditures. The lack of posting checkmarks

makes it impossible to determine whether or not an entry has been posted to an account card. The town does not employ an account numbering system, which would facilitate proper posting in ledgers and on issued checks. Not all entries were posted -- and not all payees have account cards (See #6.).

This condition, coupled with indications that the staff is not completely cognizant of rules pertaining to the IRS requirements for the issuance of Form 1099-MISC, leads to concerns that not all required 1099's were issued for 1987 and prior years.

- 2.) Ledger balances should be carried forward to each successive page during the month. This is a standard bookkeeping practice which better facilitates balancing every page.

Each page of the ledger should be balanced before proceeding -- the FICA and Federal Withholding columns were out of balance in January, and this condition compounded itself through the year (See #4.)

- 3.) No record cards are maintained for outstanding Warrant Articles. While it may not be cost effective, under the present bookkeeping system, to create a Vendor/Record card for a Warrant Article which will be fulfilled by one or only a few payments, major Warrant Articles, where a series of payments made over time are likely, should be accounted for on a Record card.

By way of example, 1987 WA#6, a \$1.3 million Road Improvement Article and WA#22A, a Police Benefits Article, a \$5,000 item which required a series of weekly debits and credits, should have been maintained on separate Vendor/Record cards.

- 4.) NO checks should be made payable to "Cash". Although amounts involved in 1987 are small, this practice should be discontinued immediately.

Checks made payable to "Cash" in the Selectmen's Ledger:

Date	Payee	Check No.	Amount	Explanation
=====	=====	=====	=====	=====
02/10/87	Cash	9633	\$27.10	postage
03/23/87	Cash	9873	\$50.87	
04/27/87	Cash	10102	\$33.50	postage
06/01/87	Cash	10288	\$28.65	
07/27/87	Cash	10602	\$66.59	postage monies
08/24/87	Cash	10788	\$36.70	
11/30/87	Cash	11356	\$38.35	

- 5.) The Selectmen's ledger did not agree with the Treasurer's year-end balance by \$204.04, net. The initial report in the Selectmen's ledger was \$4,204,560.50 expended while the Treasurer reported \$4,204,285.54 expended. The Treasurer was not properly notified of a voided check for \$2,520 (#11121) (see #9), while a \$3,000 check (#9334), written in 1986 and voided late in 1987, was not properly accounted for in the Selectmen's ledger. This should have been recorded as a credit to the Miscellaneous Account in the Selectmen's Ledger. We believe the remainder net difference, \$204.04, can be properly identified if one performed a line by line recheck of the FICA and Federal Withholding accounts for 1987. However, since this audit

has taken place nine months after the end of the year, we have determined such a search would not be cost effective.

6.) Vendor records are incomplete. Keeping records for vendors such as Granite State Telephone, Public Service Company, etc. (those which do not require the issuance of an IRS Form 1099), while a potential cost control tool, may not be cost-efficient under the current manual system, but such vendor cards should be considered if the accounting system is updated. At year end, the total of all vendor records cards should equal the total of all checks issued and the Selectmen's Ledger.

7.) Most, but not all, disbursements are properly documented. Invoices should be adequately itemized before checks are issued. As an example, Invoice #4 issued by Town Engineer, Perrault and Boisvert on 10/06/87 in the amount of \$5,460: Documentation is totally inadequate. If vendor can generate an invoice with such a unique amount as \$5,460., the vendor must have documented expenses internally and that documentation should be on the invoice.

RECOMMENDATION: No disbursements should be made without adequate itemization, identifying labor and materials, dates and times, etc. Department heads should be so instructed as well.

8.) Most, but not all reimbursements are properly documented. As examples, invoices submitted on 06/18/87 (airline tickets) for \$380.00 and 08/03/87 (Inspection trip to Florida) for \$950.00. The former, submitted on a unidentifiable purchase order form, and the latter, submitted on the back of an obsolete Property Record Card, were completely without documentation.

RECOMMENDATION: No disbursements should be made without adequate documentation, receipts, records, etc.

9.) On 10/19/87 a check (#11121) in the amount of \$2,520.00 was issued to the Road Agent, Robert Johnson for services rendered. That check was subsequently voided, yet the amount remained on his vendor card and was included in the calculations for his Form 1099, resulting in an over-reporting of his income. As of Bank Statement date 07/31/88 the Treasurer is still holding this check as outstanding.

RECOMMENDATION: An amended Form 1099-MISC should be issued to Robert Johnson for 1987 so he may recoup any excess income taxes he paid. The actual check hasn't been located. The Selectmen should issue written notice to the Treasurer to remove the check from the Outstanding Check list and 1987 Warrant Article #6, Highway Improvement Bond, should be credited with the amount, \$2,520.

10.) In December 1987 three checks were issued to YADAH, a company owned and operated by John Cote, totalling \$1,826.26 in partial payment for an unauthorized capital improvement, the construction of a partition in the lower Town Hall. There is no record of public discussion or public bid or the required Town Meeting approval of such a capital improvement. Looking forward into the January 1988 invoice files, another invoice for \$1,000 was discovered. According to these invoices, labor charges, listed at \$12.00 hourly, totaled \$2,672. This calculates to over 220 hours of labor charges for the construction of a single partition and some interior finishing and seems quite excessive. In addition, the State Fire Marshall declined to approve the new

office because the new addition does not meet State fire codes due to the use of sub-standard materials. (On September 14, 1988 a Special Town Meeting was convened specifically to deal with the issue of this wall and the Meeting voted to remove the wall by a vote of 55-25.)

11.) The Town of Sandown has no funds in reserve for emergencies.

12.) On the MS-5 Balance Sheet: An entry of "Trustee/Trust Funds", showing an asset of \$21,584 and an offsetting liability under "Capital Reserve Funds" of \$21,584 is unnecessary. Trust funds are reported on MS-9 and should not be included on the Town's Balance Sheet.

13.) No attempt was made to validate valuations of Town real property assets because of the expectation that the entire town will be reassessed within the next year.

14.) No attempt was made to validate receivables or payables as of 12/31/87 because of the lateness of the audit (9/88).

GENERAL RECOMMENDATION: A computerized accounting system be installed or, at the very least, a manual "One-Write" or comparable system with adequate posting and audit-trail components. Any accounting system should be designed to recognize that Selectmen, Bookkeepers, Treasurers, Auditors and other town personnel change over time and each should be able to trail their predecessors with relative ease. This is absolutely necessary in order to maintain continuity of the town's financial records.

#### PLANNING BOARD

The Planning Board remitted \$39,750.74 in application and inspection fees in 1987, according to the Treasurer's report. There is a question of whether or not the Planning Board Chairman maintained a ledger for these monies. While we were told there was no such ledger, we acquired information that such a ledger may indeed exist, but the Chairman may consider the ledger his personal property. Sheets of paper, which the Planning Board Chairman stated was a ledger for the PREA account, were displayed during a video-taped meeting of the Board of Selectmen on November 23, 1987.

In lieu of a ledger, we attempted to verify the income by entries in the town receipt book. We found that not all receipts were properly identified as being credited to the Planning Board (\$30,607.10 being properly identified).

On November 23, 1987, the Planning Board applied to the Selectmen to establish an escrow account, the Professional Review Escrow Account (PREA), to facilitate pre-payment of certain engineering fees due from developers, in lieu of the existing system of after-the-fact billing. This request was made so that the town would not be burdened with advance payments on behalf of and invoicing to these developers. The Selectmen approved the PREA account, but determined that the account should become effective on 01/01/88. There is evidence that the Planning Board had PREA account money in its possession prior to 01/01/88.

As evidence: A receipt issued to Salem Professional Park for \$1,500 on 12/02/87, specifically noted as a PREA deposit on the receipt, and check #11586

issued on 12/31/87 from the General Account to the PREA account in the amount of \$8,431.25. These monies were obviously in the Planning Board's possession prior to the approval date for establishment of the PREA account.

RECOMMENDATION: An accurate, public, ledger be maintained by the Planning Board for not only the Professional Review Escrow Account (PREA), but for all funds collected by, or on behalf of, the Town of Sandown by the Planning Board for applications, fees, etc., so these funds may be properly viewed by auditors and/or members of the general public in the future.

#### TOWN CLERK/TAX COLLECTOR

Category of fees are more numerous than present deposit memo forms can accommodate. (Marriage licenses, filing fees, electrical, plumbing, oil & gas, septic, test pit fees, etc., are noted in paragraph form, not as columnar entries.)

RECOMMENDATION: A new form be considered which would allow for columnar listing of the various fees collected by the Town Clerk so the Treasurer can more easily credit the proper accounts.

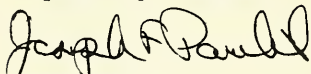

TOWN CLERK/TAX COLLECTOR makes regular deposits -- but deposit slips are generally received by the Treasurer only on a monthly basis. Treasurer is in Town Hall weekly (Mondays, generally) to sign outgoing checks. Deposit receipts should be collected then -- and checkbook balance should be ascertained weekly as well. Under the present system, even the Selectmen are not always informed as to the checkbook balance and they sometimes have to make a telephone call to the Treasurer to ascertain the balance before approving large checks.

#### TREASURER

Every effort should be made to keep the Selectmen informed of current bank balances -- especially the checking account balance. In 1987, the average daily balance was in the mid-six figure range, which seems unnecessarily high. The town may be able to earn more interest on any excess funds if they were invested elsewhere, such as short term certificates.

Checks outstanding for more than one year should be cancelled and credited to the General Account (or the outstanding Warrant Article, if so debited originally), after effort is made to contact the payee about depositing the check.

Respectfully submitted,

  
Joseph Pavlick

Yes. ARTICLE 41. Are you in favor of the adoption of Amendment No.1 as proposed by the Planning Board for the Town of Sandown Zoning Ordinance as follows:

1. Amend Article I, Part C.2.a by adding the word "each" after square feet, and Article II, Part D, Paragraph 1.E.2 to replace the word "distance" with "in depth". The amended parts will read as follows:

I.C.2.a. Retail store or service establishment, not in excess of 5000 square feet each, the principle activity of which shall be the offering of goods or services at retail within the building, for the supply of the normal shopping needs of and for consumption by the residents of the area. Roadside store sign lights must be off after 9:30 p.m. and store must close (to the public) at 12:00 a.m. (midnight), and remain closed until 5:00 a.m.

and II.D.1.E.2. At least 300 feet in depth from the existing Town road or State highway. (See subsection 5 below for a definition of an existing Town road.) (Ballot Question)

No. ARTICLE 42. Are you in favor of the adoption of Amendment No.2 as proposed by the Planning Board for the Town of Sandown Zoning Ordinance as follows:

2. Add a new Article II, Part A, Section 14.n Bedroom to read as follows:

II.A.14.n. Bedroom shall mean any other than a kitchen, bathroom living room, or small utility room. In the review of the floor plans, the administrator, when appropriate, may deem floor space shown on said plan as constituting a number of bedrooms which could be reasonably built in that space as opposed to the number of bedrooms shown. The administrator may designate a room not to be a bedroom if it is clear that its use as a bedroom is unlikely in view of layout and overall character of the structure. The number of bedrooms that shall be permitted in any proposed dwelling unit shall be fixed by the administrator before the approval of the final phase. The number of bedrooms permitted in the proposed dwelling unit shall be noted on the Final Plat and recorded in agreements filed with the plat. (Ballot Question)

ARTICLE 43. Are you in favor of the adoption of Amendment No.3 as proposed by the Planning Board for the Town of Sandown Zoning Ordinance as follows:

3. Add a new Article II, Part A, Section 7.e and 15.c (heading) to read as follows:

ARTICLE 40. TO SEE IF THE TOWN WILL VOTE TO ADOPT A POLICY  
WHEREBY CAPITAL IMPROVEMENTS ARE CLASSIFIED AS THOSE IN  
EXCESS OF \$5,000.00.

II.A.7.e. All test pits and percolation tests for a septic system design shall be inspected and logged by a Sandown Board of Health official or its agent. The cost of said inspections shall be borne by the applicant, and shall be \$10 per test pit or percolation test with a minimum of \$20 per on-site visit.

and II.A.15.c. Sanitary Protection. All septic disposal system construction and groundwater discharge permit applications must be reviewed and signed by a Sandown Board of Health official or its agent prior to submittal to the New Hampshire Department of Environmental Services, Water Supply and Pollution Control Department, Subsurface Bureau for approval. (Ballot Question)

ARTICLE 44 Are you in favor of the adoption of Amendment No.4 as proposed by the Planning Board for the Town of Sandown Zoning Ordinance as follows:

4. Amend Article II, Part A, Section 7.a through 7.c to revise building permit fees as follows:

II.A.7.a. Alterations, additions, new dwellings (including duplexes, manufactured housing and multi-family dwellings), commercial and industrial structures: \$25.00 plus \$0.15 per square foot of above ground floor space. (Ballot Question)

ARTICLE 45. Are you in favor of the adoption of Amendment No.5 as proposed by the Planning Board for the Town of Sandown Zoning Ordinance as follows:

5. Amend Article II, Part A, Section 6 and 8 to add a "Code Enforcement Officer" as follows:

II.A. Section 6. The Building Inspector/Code Enforcement Officer shall be the administrative authority to issue building permits.

and II.A. Section 8. The Selectmen shall appoint a Building Inspector/Code Enforcement Officer and set the fee for the same. It shall be the responsibility of the applicant and builders, whose name will appear on the permit, to adhere to all submitted plans and information for which the permit was granted.

(Ballot Question)

ARTICLE 46. Are you in favor of the adoption of Amendment No.6 as proposed by the Planning Board for the Town of Sandown Zoning Ordinance as follows:

6. Amend Article II, Part A, Section 15.e to add the description of a safe fence and that no pool shall be filled without said fence. The amended article will read as follows:

II.A.15.e. All below-ground swimming pools shall be enclosed by a safe and strong continuous fence not less than 4 feet nor more than 6 feet in height. This means a wire fence no lower than 4 feet high with holes in link no longer than 2 inches by 2 inches or a fence made out of wood no lower than 4 feet high with the framework (crossmembers) on the poolside, and boards cannot have any gaps larger than 2 inches wide. A gate must be attached so that it can and will be secured when the pool is unattended. For above ground pools, as long as the pool is at least 4 feet high, and the ladder can and will be removed, no fence is needed for pools requiring a ladder. For pools not requiring a ladder, the requirements are the same as for an inground pool. No pool shall be filled with water unless a fence meeting the above description is in place. (Ballot Question)

ARTICLE 47. Are you in favor of the adoption of Amendment No.7 as proposed by the Planning Board for the Town of Sandown Zoning Ordinance as follows:

7. Amend Article II, Part B, Section 3.B and delete Article III, Section 14 in its entirety. The amended subsection will read as follows:

II.B. Frontage. Every building lot shall have a minimum lot frontage of 200 feet, which must be on :

1. A state highway; or
2. A town accepted (and not discontinued) road; or
3. A proposed road which has been approved pursuant to the Town's land subdivision control regulations and is bonded to the Town for proper construction. (Ballot Question)

ARTICLE 48. Are you in favor of the adoption of Amendment No.8 as proposed by the Planning Board for the Town of Sandown Zoning Ordinance as follows:

8. Amend Article II, Part B, Sections 3.C, 3.C.1 and 3.C.2 to read as follows:

II.B.3.C. Non-sewered Lots. Every lot not served by Town sewer shall be subject to the following:

II.B.3.C.1. Receiving Soil. Every lot shall contain at least 20,000 square feet of contiguous natural in-place soil having the following characteristics:

II.B.3.C.1.a. The depth to ledge or restrictive layer shall be 3 feet or greater.

II.B.3.C.1.b. The depth to the seasonal high water groundwater shall be one foot or greater.

II.B.3.C.1.c. The average slope of the land shall be 25 percent or less. The above items shall be determined by use of current United States Department of Agriculture, Soil Conservation Service soil classifications, and New Hampshire Department of Environmental Services, Water Supply and Pollution Control Department reclassifications in conjunction with on-site testing. The receiving soil shall not include filled lands, except borrow or gravel pits renovated to meet the above specifications.

II.B.3.C.2. Receiving Layer. Every receiving soil, defined as aforesaid, shall contain within it an area of at least 4,000 contiguous square feet having the following characteristics:

II.B.3.C.2.a. The depth to ledge or impermeable stratum shall be five feet or greater.

II.B.3.C.2.b. Land which is poorly drained or very poorly drained, and existing or proposed wells, shall be a minimum of 75 feet distant from said 4,000 contiguous square foot area.

The above items shall be determined by the use of current USDA SCS soil classifications and NH DES WSPCD reclassifications in conjunction with on-site testing. Two test pits within the 4,000 contiguous square foot area are required on each lot containing 5 acres or less, and to be separated by at least 50 feet from each other in order to determine that the requirements of Section 3.C.2 are met. (Ballot Question)

ARTICLE 49. Are you in favor of the adoption of Amendment No.9 as proposed by the Planning Board for the Town of Sandown Zoning Ordinance as follows:

9. Amend Article II, Part C, Section 2 to add the words "to pave a driveway within the the Town Road right-of-way, or". The amended section will read as follows:

II.C.2. It shall be unlawful to pave a driveway within the Town Road right-of-way, or to construct, or by any other means establish a driveway connecting to a Town Road or proposed Town Road without first obtaining a formal written permit therefore. (Ballot Question)

ARTICLE 50. Are you in favor of the adoption of Amendment No.10 as proposed by the Planning Board for the Town of Sandown Zoning Ordinance as follows:

10. Add a new Article I, Part A Zoning Map, amend Article III, Part A, Section 4, and amend Article IV, Section 5 and 6 to read as follows:

I.A. Zoning Map. The Zoning Map, adopted March 14, 1989 shall be filed with the Town Clerk. The Zoning Map is intended for reference only. Final determination of the zoning district boundaries shall be made by the written description of said boundaries contained elsewhere in the Zoning Ordinance.

and III.A.4. Every residential, industrial, and commercial structure, except for mobile homes, shall be on a permanent foundation to be constructed of concrete, brick, cement block or stone. Accessory buildings may be set on brick, stone, cement block or reinforced concrete piers. Mobile homes shall be enclosed with a full perimeter permanent skirting material and supported in one of the following manners:

- a. By cement pilings or blocks upon a full size concrete pad, or
- b. By a regular permanent foundation upon a permanent footing, both constructed of suitable masonry work, or
- c. Mobile homes or manufactured housing that is located in parks shall not be required to be placed on anything other than the structural carriers designed for that purpose (RSA 31:116).

and IV.5. Mobile homes are only allowed in subdivisions (including "parks" in cluster subdivisions per Article II, Part D) planned for mobile home construction. No trailer or mobile home shall be allowed within a one mile radius of the Sandown Town Hall.

and IV.6. All trailers and mobile homes established for living or residential use within Zone A must comply with the land regulations for that Zone contained in this Ordinance and with the applicable building regulations established for that Zone. (Ballot Question)

ARTICLE 51. Are you in favor of the adoption of Amendment No. 11 as proposed by the Planning Board for the Town of Sandown Zoning Ordinance as follows:

Amend Article V, Section 2. preamble.

This amendment will limit commercial uses by special exception outside the commercial zone to home businesses (those that can be operated within the confines of existing buildings) and agricultural, forestry and earthen products produced in Sandown.

ARTICLE 52. Are you in favor of the adoption of Amendment No. 12 as proposed by the Planning Board for the Town of Sandown Zoning Ordinance as follows:

12. Amend Article IX, Section 2 by deleting the existing section in its entirety and replacing with the current State statute (RSA 676:17). The amended section will read as follows:

IX.2. Any person who violates any of the provisions of the Sandown Zoning Ordinance, or any local code or regulation adopted under State statutes, or any provision or specification of any application, plat, or plan approved by, or any requirement or condition of a permit or decision issued by, any local administrator or land use board acting under the authority of State statutes:

a. Shall be guilty of a misdemeanor if a natural person, or guilty of a felony if any other person.

b. Shall be subject to a civil penalty not to exceed \$100 for each day that such violation is found to continue after the conviction date or after the date on which the violator receives written notice from the municipality that he is in violation, whichever is earlier. (Ballot Question)

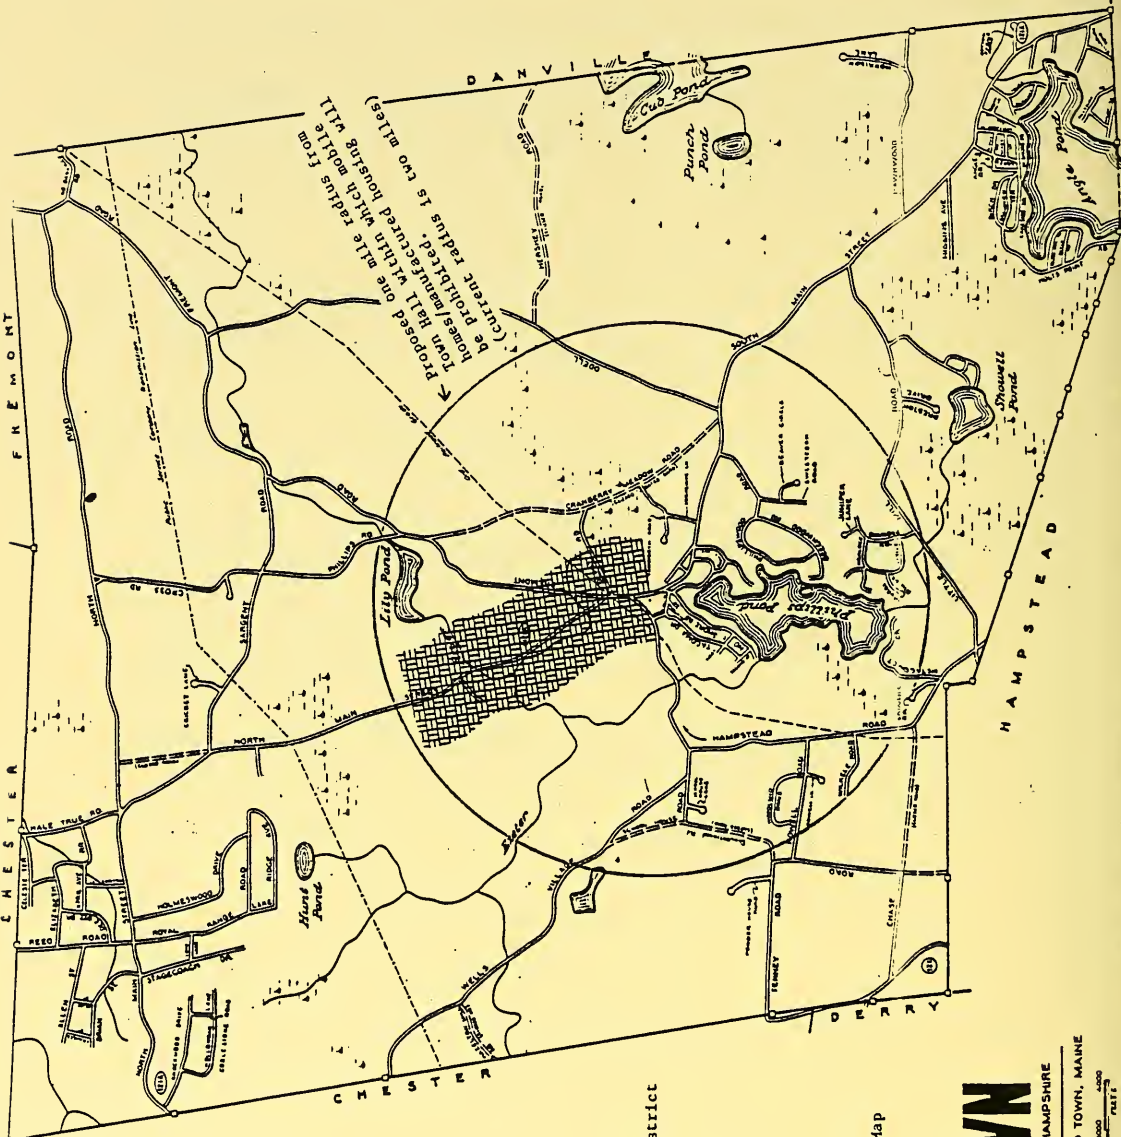

ARTICLE 53. Are you in favor of the adoption of amendment no. 13 as petitioned for the Town of Sandown Zoning Ordinance as follows:

Amend Article II, Part A, Section 13.

This amendment would modify the present non-conforming use provisions as follows: a) permit continuation of any existing use of land or buildings whether or not the use complied with Zoning when initiated; b) allow lots of record to continue; c) eliminate the requirement for special exception to convert recreational/seasonal property to year-round occupancy; d) require that additions and alterations to buildings to comply with present Zoning standards for setback, driveways, height, roof and chimney construction, and existing local codes for building, electrical and plumbing, and State codes for sanitary disposal and wells; and e) eliminate the provisions for use after abandonment and rebuilding after damage or destruction.

This amendment is NOT recommended by the Planning Board.

## ZONING BOARD OF ADJUSTMENT

During 1988, the Zoning Board of Adjustment continued to play an important role in the development of the Town as we performed our principal role - reviewing applications for zoning variances, special exceptions and hearing appeals from the decisions made by administrative officials. To a large extent, the success or failure of zoning administration rests on the proper exercise of judgement by the members of the Board.

The Board's members are: Mr. Thomas Robinson, chairman; Mr. Mark Hamblett, vice-chairman and secretary; Mrs. Pat Wilcox; Mr. Neil DuBois; Mrs. Ann McCully; Mr. Ed Mencis, alternate; and Mr. Bill Crum, alternate.

The Board reviewed twenty-two cases in 1988: Twelve appeals for special exception, all of which were approved; and ten appeals for variance, eight of which were approved.

Respectfully submitted,

Thomas D. Robinson  
Chairman, Zoning Board  
of Adjustment

The Conservation Commission would like to express their thanks to those persons who throughout 1988, cooperated with us and helped us to make the year a successful one.

We would like to extend an invitation to persons interested in Sandown's Conservation efforts to join the Commission. We are always interested in getting new members. You can contact a member of the Conservation Commission or the Selectmen's Office for information.

We would like to thank the Estate of Mrs. Dorothy Bunce for the much-appreciated donation to the Conservation Commission in the amount of \$3,350.85. It will be used only in the best interests of the Town.

During 1988, numerous complaints regarding Conservation violations came to the attention of the Commission. All complaints were followed up on and the State of N. H. was contacted.

## DERRY VISITING NURSE ASSOCIATION REPORT

The Derry Visiting Nurse Association fulfills two roles in Sandown. The first of these is in the provision of "hands-on" service units. These include:

**Acute Care Services:** Nursing, physical therapy, occupational therapy, speech therapy, medical social service and home health aide services provided in individual home visits to the acutely ill individual. Nursing services are available on call twenty-four hours daily for admitted patients.

193 of these visits were made to Sandown residents in the year ending June 30, 1988.

**Daily Support Services:** Nursing, personal care service, Homemaking, and HELP (companion/respite) services provided in individual home visits to clients with chronic illness or problems of aging. Specialized child care under HELP services, and once-weekly social day care for clients with Alzheimer's and related disorders are also available.

186 of these visits were made to Sandown residents in the year ending June 30, 1988.

**Health Promotion Services:** Community screenings for adult and senior citizens, newborn visits, Well Child and Immunization Clinic services, and additional specialized services are provided in clinic, class and home visit settings. Of special interest in Sandown, a senior clinic is held bi-monthly in conjunction with the 60+ Club.

68 of these contacts were made with Sandown residents in the year ending June 30, 1988.

The town appropriation is a very important source of support for many of these services. Where available Medicare, private insurance, and other sources pay for individual services. Individuals are billed for co-insurance amounts, etc. Town funds may be used where these sources do not pay the full cost. Because of the town allocation, Sandown residents can receive maintenance services at a fee adjusted to their income and health promotion services, in many cases, with no fee charged.

The second role of DVNA is in consultation, education and advocacy for individuals and groups within the community. Professional staff are available by telephone in the office to answer various questions for community residents.

Again, the primary goal of DVNA in Sandown is to provide the kind of services needed and desired by town residents. Please call our office, 432-7776, with your questions and suggestions.

# SANDOWN FIRE DEPARTMENT

P.O. BOX 1756  
SANDOWN, NH 03873

The year 1988 was another busy year for the department. We responded to approximately 95 emergency type calls and many others that turned out to be non-emergency calls. As usual chimney fires and woodstove problems in general topped the list.

The number of calls for woodstove, oil burners, and gas inspections seemed to increase in 1988. New types of chimneys and power vents for furnaces and water heaters are becoming more widely used. These require more and different types of inspections. This really keeps us busy.

A reminder to all that smoke detectors are a MUST. Proper installations and care of smoke detectors help to save lives and keep small fires from becoming big ones.

The excellent volunteer job by a dedicated group of firefighters and fire officers make the job as chief easier. Thanks to these men and the support of the town this is a fine working department.

Please take note of the fire prevention sign on the front lawn at the fire station. The Smokey sign was built by Rev. Steve and Nicole Murray. The excellent work and all materials that went into building Smokey were at no cost to the town and the effort is very much appreciated by everyone in the department. Thank you Steve and Nicole.

Irving Bassett, Chief

## BUDGET COMMITTEE REPORT

At the 1988 Town Meeting, the town voted to again become a "Municipal Budget Law" town. As a result, the town moderator appointed 6 residents to serve on a budget committee. The selectmen choose one of their board to form a 7 member committee.

The board voted three official positions resulting in the following:

Chairman	George E. Romaine
Vice-Chairman	Arhtur Demirjian
Secretary	David W. Shuker
Members	Mary Comerford
	Martha Darragh
	Christine Garvey

The selectmen appointed Mr. Ray Gosselin. The committee has met frequently since May. Regrettably, the selectmen have been represented at only a very few meetings.

A set of "standard forms" to aid in generating the town budget has been developed. These forms assist in ensuring that important items will not be overlooked and that documentation is clear.

A warrant article has been formulated to create a wage/salary study committee to present recommendations to the town in 1990.

A review was initiated of the town's method of fiscal record-keeping, with a view toward more use of the computer. This review has not as yet generated a recommendation and will continue.

Discussion was held relative to setting a dollar figure for a capital expense item which would force the item to appear as a warrant article rather than be included in the operating budget. The committee chose to leave the matter open.

The committee has reviewed the budget requests of every town department. For every line item a decision was made to recommend no more than a 6% increase in wages except for a very few positions.

The most significant impact on the operating budget is the increase in solid waste disposal. The main factors are:

- (1) Increased use of the dump and thus increased hauling and compactor maintenance and site maintenance costs.
- (2) Metal pile removal.
- (3) Regional district assessment.
- (4) Kingston Landfill contract (from 13.00 per capita to 36.50 per capita).

Late in the year, the selectmen were informed that improper actions were believed to have been taken in the expenditures of funds. In particular, use of the Road Bond money to pave a parking lot and the front of the fire dept., and use of "sand and seal" money to do road paving. It was also believed that the parking lot paving had no appropriation to fund it. To obtain independent legal counsel, the committee voted to seek removal of the selectmen. Upon advice of counsel, such action was terminated and a strongly worded letter was forwarded to the selectmen.

The Budget Committee is dedicated to the task of over-seeing how your tax dollars are spent and pursuing ways to achieve the town's wishes at the lowest reasonable cost. Remember, however, that expenditure control is in the hands of the selectmen and department heads.

Respectfully submitted,

George E. Romaine  
Chairman

## LIBRARY REPORT

1988 has been a year of transition at the Library. Changes in staff have been made and many new additions have been acquired. First of all, the Library said good-bye to Director, Cathy Wright and staff assistant, Donna Fugere. I took over as Library Director and we welcomed Deirdre LaPlante to the staff. My transition as Library Director has been a smooth one thanks to the terrific staff we have and the excellent support from the Library Trustees.

Library service has been increased due to some timely additions. The reference section has been updated including the purchase of the 1988 New Book of Knowledge Encyclopedia. An electric typewriter and microfiche reader were added to our in-house services which already include a copier and computerized encyclopedia. The book collection was greatly enhanced with National Geographic and Time-Life Books thanks to a generous donation from the estate of Mrs. Dorothy Bunce. Also, a grant was received from the Mellon Foundation which added the Library of America series to the collection. The newest addition to the library services is a video collection which consists of how-tos, documentaries, and educational videos.

Trying to make room for these new additions has been a challenge. Some heavy weeding was done in the junior non-fiction and the shelves were rearranged in the adult area this year. We thank our patrons for being patient with these changes.

Programs have been well-supported this year. Tuesday and Thursday Story Hours find the Library the "place to be" if you are a preschooler in Sandown. Students from Sandown Central School have visited the library and I have visited classrooms doing book talks and promoting library services. Thank you to the school staff, especially librarian Alice Dionne and Sandown Principal Judith Pence for their support.

Sixty-five children enjoyed our summer reading program - Go For the Gold and quite a few of our patrons participated in the Jelly Bean Contest, Food for Fines program and Letters to Santa.

We thank the Friends of the Library for their continued support. This year, the Friends sponsored Menagerie Theater, hosted the Teachers Tea and supplied prizes and refreshments for our other library programs.

We would also like to recognize the efforts of the Library Building Committee under the direction of Chairman, Paul Densen for their continued work on the library space needs. Library space is really at a critical point and we would ask voters to please consider and support the committee's proposal.

2.

Library statistics for 1988 are very encouraging. We have had a steady increase in visitors and circulation and are very pleased to see so many more people using the library.

On behalf of the Library Staff and the Board of Trustees, I thank everyone for their support in 1988 and invite residents to visit the library in 1989.

## **REPORT OF LAMPREY HEALTH CARE**

Lamprey Health Care marks eighteen years of service in 1989!

Two medical offices, one in Newmarket and one in Raymond, provide primary medical care, preventive health services, community outreach, social services and short term counseling with referral to mental health agencies.

Services also provided by Lamprey Health Care include the Senior Citizen Transportation Program and the Rockingham County Info-Center, information and referral service.

The medical team at Lamprey Health Care consists of six physicians: Sarah C. Oxnard, MD - Pediatrician, Edward G. Benoit, MD - Family Physician, Karen O. Brainard, MD - Family Physician, Paul E. Friedrichs, MD - Family Physician, Micki A. Kantrowitz, MD - Family Physician and Cynthia A. Rasmussen, MD - Obstetrician/Gynecologist. Also on staff at Lamprey Health Care are Michael C. Lewis, Physician's Assistant (Certified), Barbara Janeway, Nurse Practitioner and John Mark Blowen, Nurse Practitioner.

The addition of physicians in recent years has allowed Lamprey Health Care to respond to a growing demand for services.

Lamprey Health Care continues to operate the Senior Citizens Transportation Program. The transportation service enables senior citizens to remain independent, self-sufficient and active by providing a means to needed services such as food shopping, pharmacy, meals, medical appointments and recreational trips. Three of the busses are equipped with hydraulic lifts to provide services to individuals in wheelchairs.

Lamprey Health Care also operates the Rockingham County Info-Center which provides information and referral services to the residents of the area. Information and referral is available to callers through a toll-free number on a wide range of subjects. The toll-free number is 1-800-582-7214.

Lamprey Health Care wishes to express its appreciation to your community for its support.

s/Ann H. Peters  
Executive Director

## PLANNING BOARD REPORT

For the first time in three or four years, the workload on your Planning Board eased, as the development demand slowed with the drop in housing demand. The Board met 23 times for about 65 meeting hours (2/3 the 1986 and 1987 levels). We had 16 regular and carryover public meetings, six Capital Improvements Plan (CIP) workshops and one zoning amendment public hearing.

The Board reviewed 24 applications - 12 final subdivisions (three of which were clusters), five lot line adjustments, three preliminary subdivisions of which two progressed to final, three excavation/restoration plans, and one commercial site plan. All plans except one excavation plan, which had insufficient information, were approved. At year's end, 11 of these plans have not met the conditions of final approval. The subdivision plans represent 137 additional single family dwelling units and 16 duplex units. Of these, only 23 single family units have met all conditions of final approval at year's end.

In managing this growth impact on the Town's roads, the Board assessed \$110,000 in fair share off-site improvement fees for the subdivisions and site plan as allowed under State law. However, given the slow housing demand, only \$28,000 of this amount has actually been paid or bonded to the Town. The Board has been assessing off-site improvement fees for Town roads on subdivisions for over three years in order to minimize the cost impact on the taxpayers of Sandown. Even though the Town has vastly improved five major roads recently, these roads still do not meet State or Town standards regarding shoulder width. Thus, there remains a lack of adequate snow storage space and room to pull one's car off the road. However, we cannot make the same assessments on excavations, as the State statutes do not give us that authority as they do for subdivisions and site plan.

Recently we began assessing off-site improvement fees for NH 121A after receiving cost input from the District Six office. These monies combined with a proportionate share of the Highway Block Grant will allow some much needed improvements to NH 121A under the State Aid for Reconstruction (SAR) Program. This program matches \$2 for every \$1 of local money. Thus, the Town can get three times the value for every dollar approved under the SAR program. With the present level of traffic, let alone the traffic level after all the conditionally approved dwelling units are built and sold, NH 121A is below State standards for pavement width, shoulder with and other technical criteria. Since the State has verified that improvements to NH 121A are NOT in the Ten Year Plan, there should be little question as to the need for Town initiated improvements to 121A. Thus the Planning Board is recommending approval of a warrant article to divert 7/40s (the ratio of State highway miles to total highway miles in Sandown) of the Highway Block Grant (estimated at \$40,000 into the SAR program to begin the improvement process.

We are also recommending approval of a warrant article for \$5400 for professional development of a water resources management and protection plan as encouraged by RSA 4-C:22. This plan will cost about 9 cents per thousand before reassessment (or 3 cents after reassessment) and will give us a much needed handle on how to manage and protect our most precious natural resource.

Your Board is also proposing 12 amendments to the Sandown Zoning Ordinance in order to clarify it and keep it current with State law. Amendments 1,2,6,8,and 10 are clarifications to the existing language. Amendments 7,10,11,and 12 will make our Ordinance agree with State law (and with mobile homes, COMPLY with State law). Amendments 3 & 9 are additions which will require a Town official to witness test pits and percolation tests, and to sign off on State septic design applications before submittal to the WSPCD. Amendments 4 & 5 address the changes necessary for Sandown to hire a full time Building Inspector/Code Enforcement Officer to better address problems with our growth level.

Your Board is not recommending petitioned amendment 13, which seeks to legalize all existing uses, whether they conformed when initiated or not. This so-called lot-of-record clause would also eliminate the abandonment and replacement provisions of the existing non-conforming use section which Town Counsel recommended.

Total 1988 Planning Board expenditures were approximately \$56,000 versus \$14,000 budgeted. This "overexpenditure" is due to the high level of professional review on the proposed plans submitted before the Board in 1988, as well as a tremendous amount of new road inspections by our Town Engineer. In fact, 25 new roads in 16 subdivisions totalling 4.97 miles were inspected during 1988. The expenditures over budget were all covered by offsetting revenue from private developers, such that there was no tax impact on Sandown taxpayers.

The separation of the professional review costs (Town Engineer, Conservation District Soil Scientists, and Town Counsel) into a separate checking account has improved the collection of these costs from private developers. Delinquent developers at the end of 1988 are as follows:

Arthur Bursey	\$301.50
Howard Johnson	997.50
Nordow Associates	258.00

Total = 3      \$1557.25      versus 14 owing \$9232.65  
at the end of 1987. Readers will note that these same three developers owed monies last year.

The Capital Improvements Plan (CIP) was 90% developed, but completion was halted by lack of input from several departments.

Legal action continued against Albert Hoyt & Sons, and Henry Torromeo for illegal excavations as neither has either State permits or have Town approved plans for their expanded gravel pits.

Lee R. Wilmot, Chairman

## SANDOWN POLICE DEPARTMENT

PO BOX 309  
SANDOWN, NEW HAMPSHIRE 03873  
TEL. 887-3222

The Police Department in 1988 continued to provide extensive coverage to the residents. A breakdown of these services is included at the end of this report.

Each year, the State requires more in the way of mandatory training and qualification of our officers. Officers have met these additional requirements. Our training, when possible, is done in-house and exceeds minimum requirements.

This year, a second State Prosecutor has been certified. This allowed the department to consolidate prosecutions and reduce cost. Our conviction rate for violations and misdemeanors remains at 95 percent. The Officer Phil program was introduced at the elementary school and the Explorer Scout program continues to grow. The department has actively lobbied with Rep. Henry Wells to pass legislation to provide part-time officers with proper workman's compensation wages should they be injured on duty. Should this legislation pass, it could result in a reduction of insurance cost to the town.

The new station has been completed. The Building Committee worked hundreds of hours to insure the maximum return for tax dollars spent. The building came in under budget. This was possible because of the generous donations of time by officers and residents. Local contractors donated time, equipment and materials. The combined efforts of all who participated in this effort can make Sandown proud. The station is functional and will serve the town for many years to come.

Currently, the town does not receive 24 hour per day coverage. I have included funding in this years budget to schedule officers during this time. As coverage stands now, I cannot guarantee police officer response during non-funded hours. I would ask residents to approve this funding at Town Meeting.

A Warrant Article for a cruiser has been submitted. The 1984 cruiser needed repairs in excess of \$3,000. The cost to repair was prohibitive. The repairs were not done. That vehicle is currently being used for parts for the 1986 vehicle. The 1986 cruiser has in excess of 100,000 miles.

I look forward to providing Sandown with a level of service in 1989 that will continue to provide both protection for residents and continued public service programs.

James Comerford, Chief

## RECREATION COMMISSION REPORT

Throughout 1988 and in early 1989, the Recreation Commission provided a variety of opportunities for Sandown residents to enjoy athletic and cultural programs. In addition, the Commission also worked to beautify and improve recreational facilities in our town.

A major responsibility of the Recreation Commission is the management, maintenance and improvement of the town beach at Seely Park. During the summer of 1988, a certified lifeguard was employed from late June through early September to supervise and provide safety for swimming in Phillips Pond. The Recreation Commission, for the second year, arranged for swimming lessons to be held two mornings each week by two instructors from the Manchester YWCA. Participants paid nominal fees to cover the YWCA expenses. There was no expense to the Town for these lessons which provided Sandown families with an opportunity to learn safety techniques and an additional use of the town beach.

Also in the area of Seely Park, more beach sand was spread to replace that which washes into the pond each winter, work on drainage problems continued and more weed area was cleared. Improvements were made on the bath houses including lighting to improve safety in the area. Bulbs were planted in the fall for residents to enjoy this spring. The Recreation Commission members have purposely planned these improvements in a gradual manner in order to keep the annual costs to taxpayers at a minimum. Daily maintenance was available at Seely Park for the removal of rubbish and unsafe objects, lawn care and beach maintenance.

In the first half of 1988, the Commission provided a means for teens in the community to meet and relax in a supervised environment at the Sandown Teen Center. The Teen Center was unfortunately closed in the fall due to the lack of parent volunteers to assist as chaperones. Anyone who would like to see the Teen Center reopened and is willing to help as a chaperone should send a letter to the Sandown Recreation Commission, c/o Sandown Town Hall. Adult volunteers other than parents are welcome to assist.

The Commission joined our neighboring town of Hampstead in supporting a safe graduation and prom season. Ribbons in the Timberlane colors were made available for all interested residents to display at their homes to remind everyone to drive safely and not to drink and drive. In August, buttons were designed by a local artist to support Miss New Hampshire's trip to the Miss America Pageant. The buttons had a map of New Hampshire with a star marking Sandown's location, the home of Laura Lourette, Miss New Hampshire of 1988. The buttons were produced through a local business and sold in a variety of local establishments.

Once again, the Recreation Commission joined forces with the Sandown Mothers Club to bring quality family entertainment to Town. The two groups together invited The Little Red Wagon from the University of New Hampshire and the Jubilee Puppet Theater of Salem, Mass. to perform during the year. Performances, which were generally planned for school vacations and holiday times, were well attended.

The Commission also teamed up with the Women's Resource Center of Southern New Hampshire (an affiliate of the YWCA of Manchester). These groups sponsored a winter holidays cultural program for children presented by the Spectrum Cross Cultural Institute for Youth (SCIY) of Kingston, N. H. This program was also well attended.

The Rockingham County Extension Service presented a nutrition and weight control program at the invitation of the Sandown Recreation Commission. This was offered free to area residents. The ten week class was attended by participants of a wide age group. The Extension Service has been invited to present a pre-retirement planning seminar for women in late January 1989.

Commission members have found that coordinating programs with other groups expands the opportunities available to Sandown residents by combining resources.

A donation of \$200 was made to the Youth Soccer League. The Commission has also worked with other interested Sandown groups and individuals in planning how to improve and expand the recreation field area.

Plans for 1989 include hiring a lifeguard to supervise swimming at Seely Park during operational hours (noon to 7:00 PM daily). The Commission is also interested in assisting interested youngsters (18 years and older) to become certified in the Red Cross YM/WCA lifesaving course. Once certified, the teens would be contracted to work for the Recreation Commission of Sandown as lifeguards at Seely Park. The increasingly popular YWCA swim lessons will be held again.

In the upcoming year, the Recreation Commission plans to continue being actively involved in the development of the 10 acre recreation area, offering sports activities and cultural events for members of the community of all ages and perhaps reopen the Teen Center if volunteer chaperones are available.

The Commission extends its thanks to the Town employees who have been so helpful in making this an exciting year for recreational opportunities in Sandown.

3.

Current Commission members would welcome new members in the coming year. They would also welcome ideas for any activity or event that you would like to see offered in the community. Please feel free to contact the Commission members or write to the Commission.

The Commission expects to have an exciting program in 1989 for juniors, seniors, teens, parents and families together.

## RESCUE SQUAD REPORT

The Rescue Squad is presently 13 members strong - consisting of 3 first-responders, 9 Emergency Medical Technicians and 1 Registered Paramedic.

During the last year, we received the life-pak 5 approved by last year's warrant article. Next year, four more members of the squad will complete defibrillation training. This will bring the total number of trained personnel to eight.

The squad learned that rapid extrication and treatment of multi-trauma patients is important to increase the chances of a patient surviving an accident. With this in mind, a small set of air bags was purchased. These bags give the capability to lift 100,000 lbs. in a matter of seconds. The bags were approved by the Selectmen while we still remained within our approved budget.

This year a warrant article will be presented to the Town to appropriate the sum of \$11,000 for new Extrication equipment. This equipment will allow us to increase a patient's chance of surviving an accident by 33%.

The Rescue Squad wishes to thank the people of the Town for their continued support.

Respectfully submitted,

Edward Gannon  
Registered Paramedic

## **SANDOWN DISPOSAL AREA**

We wish to thank the Sandown residents for the patience they have shown during the new sticker/decal implementation. The object is to alleviate the illegal use of the Disposal Area by out of town residents.

A new compactor was purchased and installed to meet the needs of the Town and to eliminate the use of open containers which created unsanitary conditions.

The above improvements created a more efficient flow of traffic and better control of the Disposal Area.

Thank you,

Melvin (Woody) Westcott  
Joe Berthiaume  
Bob Baldwin

## SOLID WASTE DISTRICT REPORT

The Southeast Region Solid Waste District was formed as a legal entity in August 1988. Of the original 21 towns interested, only 11 chose to form the District. They are Brentwood, Danville, Fremont, Hampton, Hampton Falls, Kensington, New Castle, North Hampton, Rye, Sandown and South Hampton.

The major reason for many towns not joining was a perception that the thrust of the District would implement a mass-burn (incinerator) facility. To some this posed unacceptable hazards, others saw very significant costs.

The 11 towns forming the District believed action was required, and proceeded to organize to that end. Because of the (now limited) size of the District, the present thrust and budget is directed to initiating a recycling program with two other objectives being continued at a lower level (regional septic disposal and location of a landfill site). W. Steven Clifton serves on the septage subcommittee and George Romaine serves on the recycling subcommittee.

The District is planning to assist each town in providing educational material and money to develop recyclable material collection facilities and marketing.

Since the Town of Kingston (our present disposal point) is planning a per ton fee rather than a per capita fee, material removed from the waste stream will save money on both hauling and disposal.

We can only be successful in achieving savings if the townspeople commit themselves to the task.

Respectfully submitted,

George E. Romaine  
W. Steven Clifton

## HEALTH & SEPTIC INSPECTIONS

1988 was an extremely busy year with regard to septic system inspections while it was moderately busy with regard to health problems in the Town of Sandown.

It appears that 1989 will follow the route of the previous year with requests for septic system inspections requiring a great deal of time.

I would like to extend my thanks to those people who were helpful and cooperative - making my job as Health and Septic Inspector easier and more effective.

Respectfully submitted,

Fred Cote  
Health and Septic Inspector

## SPACE AND NEEDS COMMITTEE

1988 was an interesting and eventful year for the S.S.N.C. During this year, as many of you may or may not know, the decision was made pertaining to the partition in the lower town hall.

We held meetings twice a month starting in April. The first few months were used to investigate space needed for town officials and town organizations. In return, we received a great deal of information as to whom/when the town hall was used.

After reviewing all of this information, we came up with a recommendation and presented it to the Selectmen for the special town meeting on September 14th.

We are now working on long and short range solutions for the office space that is needed in the town hall and still continue to provide space for town organizations.

We would like to thank anyone who has given us information and ideas to help solve this situation.

## SANDOWN HISTORICAL SOCIETY

During the year 1988, the Depot Museum has continued to be a Sandown attraction. Each year, more people sign the guest book than the year before.

The Pot Luck suppers at the Depot are a sign of community friendliness. They are very well attended but there is always room for newcomers.

In September, the Depot celebrated the First Hobo Day reminiscent of the old-days' railroad bum. A Hobo King and Queen were crowned. Colonel Richard Benton and Ms. Olive Follansbee received the honors in 1988. Mulligan Stew and the fixings were served. We hope to make this an annual event.

The annual Thanksgiving supper in November once again drew a capacity crowd. Mr. Richard Holmes gave highlights of his new book about the history of Sandown and Jay Pentergast, a Tyngsboro, MA resident and expert on local Indian tribes and lore, gave an interesting and enlightening talk.

There were many articles of interest donated to the Depot museum this year. Among the most interesting were an old sleigh and a rare, old four-sided lantern.

Respectfully submitted,

## SELECTMAN'S REPORT

The Town of Sandown is, at present, the third fastest growing community in New Hampshire. It's hard to comprehend the growth we've realized and how fast it has come upon us.

Our ultimate goal in the Selectmen's office is to provide services to Town residents and to reduce the "red tape". Our attempts at this goal have been hindered by inside and outside influences. We can accept the frustration and stress from outsiders but can't fathom the lack of understanding and compassion from insiders. Where are these so-called "do-gooders" when it comes time to put their names on the ballot. Instead of trying to help the Town grow peacefully and in harmony, they create chaos and havoc. While all of this commotion takes place, the Town suffers and pays the bill for it all. Little or no reasoning can get through to this handful of people. Thank God that the majority of residents understand what the Selectmen are faced with every day and that we are and will continue to do our best.

In the past year, the Town has been hard-hit with requests for Town Assistance. Because of this unusual demand, we were forced to overexpend the budget. We have currently initiated a policy whereby one of the Selectmen will visit the home of the person requesting assistance to see first-hand what the needs are. We want to be careful not to turn away those that have come upon hard times.

This past year, a better atmosphere of understanding existed between Departments and Department Heads. Despite what may have been printed in newspapers, we have gotten to know each other better and also to understand each other better.

We are projecting 1989 to be an even more chaotic year because of the Reassessment Program which is currently taking place and the follow-up on the road work that was completed in 1988. There's a lot of work and not many to do it. That's why we are forced, from time-to-time to delegate work to outside sources in order to complete the work.

We wish the best for all in the coming year. Let's work together for one common goal - Peace in Sandown.

Respectfully submitted,

John J. Cote, Chairman

C. William Lueders
